INQUEST INTO SUICIDE OF GEO. FREEMAN

HELD AT CITY HALL THIS
AFTERNOON BY CORO-
NER EAKER.

CONTENTS OF STOMACH FOUND ON ANALYSIS AT LOUISVILLE.

A non-climatical verdict was returned this afternoon by the coroner's jury at the inquest into the death of George Freeman. The verdict was:

"We, the jury, having been summoned to investigate the cause of the death of George Freeman, who died at the county jail of McCracken county last Thursday, June 24, 1909, find that he came to his death by poison. How he procured the drug or who administered it is unknown to the jury."

John F. Nicholson, foreman; Jas. McNeill, J. H. Mason, D. M. Potts, J. G. Whitte and J. Wes Troutman.

The inquest into the death of George Freeman, colored, the condemned murderer, who committed suicide the night before he was to be hanged in the county jail, was commenced at 2 o'clock this afternoon by Coroner Frank Eaker. Principal interest surrounded the means used by the condemned man to end his life, and the reading of the report of the analysis made of his stomach and its contents by the Louisville Research laboratory, was attended by close attention.

Dr. Nollau went to Louisville with the stomach of Freeman and brought the report back to Dr. L. E. Young, county physician.

The report says the analysis showed the presence of morphine in sufficient quantities to kill. There were also small quantities of hyoscyne and atropine. There were some traces of cocaine. Scopolamine might be present, but it would respond to the same tests as hyoscyne. In explanation the chemist said that exceedingly small quantities of a drug might be absorbed, especially if the patient lived a few hours after taking the dose, as Freeman did, or it might become so diluted as to be unappreciable.

These ingredients corresponded with the ingredients in the mixture used hypodermically by Hiram Smedley, former county clerk, now in jail charged with forgery and embezzlement. The quantity of scopolamine in a two grain tablet of the prescription he used is 1-1.159 of a grain.

It is certain that Freeman swallowed the morphine, instead of injecting it.

Attorney Alben Barkley conducted the examination. Drs. Bass, Young and Rivers testified that Freeman died of mixed poison, mostly morphine, and that they were unable to get a reaction. They could not tell whether the poison was swallowed or injected, but Dr. Young thought it was swallowed, as there was so large a quantity in the stomach. Dr. Nollau told of taking the stomach to Louisville for analysis, and Dr. Young read the chemist's report.

Deputy Jailor Joe Purchase said Hiram Smedley buys 24 worth of morphine mixture at a time, and his cell up to the time of the death of Freeman could not get more from their cells, but most reach each other. One around Freeman's cell the night of the suicide, but the night with him. The coroner's jury, who brought the verdict, said Smedley bought the morphine from Dr. Watson, of Lexington streets, said he gave it to Mrs. Smedley.

Join Strikers

Port, O., July 1.—Four thousand men in two local mills of the American Sheet Tin company joined the strike this morning.

Sharon, Pa., July 1.—All of the fifty mills of the American Sheet Tin company closed today on a strike.

Mr. John J. Ferguson returned on a business trip to Tennessee this morning.

Suit to Break Will of Late J. R. Smith Filed by Son, Joseph Smith, in the Circuit Court—Provisions

Joseph Smith, younger brother of Mayor James P. Smith, has brought suit to break the will of his father, the late J. R. Smith, who left an estate valued at over a half million dollars. The estate was left in trust for 10 years, James P. Smith, executor under the will, being trustee. Joseph Smith receives \$250 a month, the terms of the will of his father. It is claimed that the will is defective in providing for an embezzler, exceeding the period of five years in being and 21 years and 10 months thereafter. Joseph Smith contends that the violation of the statute against embezzlement absolutely nullifies the whole testament, and the property must descend according to law to the only child of the deceased, James P. and Joseph Smith. Parties defendant to the suit besides James P. Smith, are his children, James Rose Smith, Elizabeth and Augusta T. Smith. Mary Smith is not mentioned.

In his will J. R. Smith named his wife and James P. Smith executors, the survivor to continue in charge of the estate. His share, two-thirds of the first J. R. Smith & Son, wholesale grocers, was to be taken out of the business at the death of his wife and be invested with the rest of the estate, which is held in trust for the children of James P. Smith for 30 years after the death of the testator.

He requested his wife to care for his son Joseph Smith, and said that a sum of \$1,200 a year might be set aside from the income of the estate for his maintenance, but the will expressly provided that the annual should in no case become a charge on the estate, or authorize Joseph Smith to anticipate it or encumber the estate in any way.

The will further stipulates that if anyone tries to break its provisions he shall be liable from any consideration. The will provides that if Joseph Smith marries and marries a "virtuous respectable woman" and has children, her, those children shall inherit equally with the children of James P. Smith.

It is generally understood that, regardless of the terms of the will, a settler of the claims of Joseph

Smith was made some months ago, witnessed in writing.

Mayor James P. Smith declined to discuss any phase of the suit today, when he was served with summons for himself and children, and it is likely that no compromise will be made.

This suit brings to light the little known fact that Joe Smith actually receives more under the will than does Mayor James P. Smith, who inherits nothing from his father, receiving out of the estate, unless it is commissions for executing the trust, while Joseph Smith receives \$250 a month. The estate is devised in remainder to the grandchildren, offsprings of Joseph Smith, if any, to share equally with those of James P. Smith.

Hendrick & Corbett, of Paducah; Robbins & Thomas, of Mayfield, and Hon. William Lindsay and T. L. Edelen, of Frankfort, are attorneys for the plaintiff.

SCHOOL MEETINGS WERE NOT WELL ATTENDED HERE

Oppressively hot weather, coupled with pressing work on the farms, prevented a good attendance at any of the school rallies held in the county this week. The threatening weather last night interfered with the rally at Arcadia, though about 25 braved the elements. This afternoon the concluding rally is being held at the Woman's club.

DEPOSED SULTAN GIVES CHECK FOR \$5,000,000.

London, July 1.—A dispatch from Saloniki says former Sultan Abdul Hamid has handed the authorities a check for \$5,000,000 which will be devoted to the needs of the second and third army corps.

BIG STRIKE BREAKS OUT IN PITTSBURGH.

Pittsburgh, July 1.—Fifteen plants employing 7,000 hands were crippled or entirely tied up at midnight by a strike of union employees of the Union Sheet and Tin Plate mills of the United States Steel corporation.

Reports of Departments For Month of June, '09

Total Internal Revenue Collection.

The report for the fiscal year ending June 30 of L. L. Bebout, internal revenue stamp collector, is as follows: July, \$7,818.01; August, \$9,044.78; September, \$9,226.86; October, \$1,374.48; November, \$11,297.72; December, \$14,815.64; January, \$12,334.43; February, \$9,148.58; March, \$12,726.33; April, \$12,421.11; May, \$10,495.87; June, \$9,675.91, making a total of collections for the year of \$141,073.01.

Burial Permits.

Burial permits issued by City Clerk Maurice McIntyre during June were 17, and 10 colored a total of 27 permits.

Building Permits.

Building permits issued by City Engineer L. A. Washington during June amounted to \$6,790. Among the permits issued was that of Mr. James Velle for a fine brick residence at Twenty-first street and

Broadway. The residence will be the home of Mr. Welle and family.

29 June Brides.

June brides were almost as plentiful as the days in the month. There were 29 marriage licenses issued at the county clerk's office during the month. Some of the weddings were those of very prominent and well known young people of this city. Out of the 29 weddings during the month, 25 of the couples were white and 4 were colored.

Riverside Hospital.

Total number of patients in the hospital June 1 was 12. Number of city patients received during the month, 16; number of private patients, 29, making a total of 45 patients received. Total number of patients treated were 59. Number of discharges were 44. There were no births. Three city patients died during the month and five private patients. Number of patients in the hospital at the close of the month, 13.

Illinois Central Hospital.

Total number of patients in the hospital June 1, 23. Number of patients received, 35. One death. Number of patients in the hospital at the close of June, 15.

Fatal Political Feud

St. Louis, July 1.—Another shooting took place today in the political feud, which resulted in the murder of Fred Mohrle in the door of a court room where he was on trial for the murder of Constable Sam Young, several weeks ago. William Wright was acquitted yesterday of the charge of complicity in the Young murder, shot Charles Tozer when the latter called to see him. They were friends, but Wright suddenly feared he was agent of the gang. Tozer was severely wounded in the side. Once before Wright wounded an innocent man on the street, thinking he was a foe.

JUDGE WHO TRIED NIGHT RIDERS IS WARNED OF DEATH

Threats Made to Kill Him and
Jury and Burn Court
House.

Stanley Jones, of Graves Co.,
Gets Two Years

FOR KILLING OTTO HENLEY.

Fulton, Ky., July 1.—Judge Jones, of Union City, who tried the night riders of Reelfoot lake, received a letter from an unknown telling him and all members of the jury, which convicted the riders, they will be assassinated. It also said the court house will be blown up and the town burned.

Jones Gets Two Years.

Mayfield, Ky., July 1. (Special.)—Stanley Jones, the young man who shot and killed Otto Henley the first day of last August in this county, today was sentenced to two years in the penitentiary by a jury in the circuit court.

Races at Mayfield.

The races commenced here at the fair grounds this afternoon. If the first day's attendance is a criterion, the meeting will be a success, as an immense crowd is in town.

State Treasury.

Frankfort, Ky., July 1. (Special.)—The state treasury at the close of business June 30 showed a balance of \$355,733, not including outstanding warrants, and a deficit in the general expenditure fund of \$189,259.

Heat Kills Five.

Minneapolis, Minn., July 1.—Five are dead and more than a score are suffering from prostration in the twin cities as a result of the heat wave of the last three days.

Johnson Locks Class

Pittsburgh, July 1.—Jack Johnson started west to train for the Ketchikan bout. The general opinion is his failure to trim a third-rater like Ross shows Johnson lacks class.

The Smedley Inquest

Attorneys for Hiram Smedley are making an effort to produce the necessary evidence to convince Attorney Barkley that he should institute proceedings in circuit court to declare Smedley a lunatic. Dr. H. P. Sights, who is an alienist, agreed to make an examination of Smedley today.

Russia After Persia

St. Petersburg, July 1.—With General Snarsky at the head of the Russian troops, rushing to Teheran with credentials, which will make him practically ruler of Persia, it is officially admitted today the czar's long contemplated "grab" of Persia is at hand. If the rebels reach the city before Snarsky fighting and pillaging is almost certain. Grave concern is felt for the foreign residents. Troops now at Teheran are inadequate to hold off the rebels. Arrangements are made to protect the shah at the Russian legation.

AMERICAN SUGAR INDICTMENTS ARE FOR CONSPIRACY

New York, July 1.—The federal grand jury today reported to the criminal court a number of indictments in the American Sugar Refining company case. The indictments are voluminous and the parties indicted are the American Sugar Refining company, W. B. Thomas, Thurston, C. H. Seuff, John Hay J. H. Frazer, John E. Parsons, T. H. Harned and G. E. Kissell. They are ordered to report for hearing Tuesday. Each is charged individually and collectively with conspiracy, restraint of trade, in manufacturing and shipping refined sugar, also violating the Sherman law.

ARTICLES OF INCORPORATION ARE FILED IN MASSAC COUNTY, AND WILLIAMSON COUNTY, ILLINOIS

LEMONS A LUXURY.
Lemons, almost household necessities in summer, have joined the ranks of the luxuries, and jumped from \$3.50 to \$7.50 a box wholesale. Yesterday they went from 20 to 25 cents a dozen retail, and one dealer said he expects to be selling them for 50 cents a dozen shortly. The California crop does not fill half the demand, and the increased tariff has had the effect of almost prohibiting importations.

Asphyxiated

Chicago, July 1.—Mrs. Mamie Cunningham, of Louisville, Ky., and daughter Mamie, aged 2 years, were found dead at the home of J. C. Cunningham, a relative here. They were asphyxiated with illuminating gas.

Burglar Kills Policeman

Chicago, July 1.—Policeman Henry G. Schnable was killed this morning in a revolver duel with a negro. The negro was wounded and escaped. He was caught in the act of robbing a store.

Don't Like School Site

The county school board is in session today hearing complaints about the selection of a school site in the Hickory Grove section. A more central location is desired and the selection probably will be reconsidered.

Bingham Removed

New York, July 1.—Mayor McClellan this afternoon removed Police Commissioner Bingham from office for refusal of Bingham to obey orders to reduce or dismiss several officials of the department. Deputy Commissioner Baker was placed in charge.

Four Hurt in Flames

Chicago, July 1.—Two explosions in the room of the American Film Service company on the third floor of the Security building last night resulted in a fire which caused a loss of \$200,000. Three firemen were injured. They were caught in the flames on the third floor. In the building the firemen stumbled over the body of the watchman, Edward Brothman. He was probably fatally burned.

JAPANESE HONOR MAN THEY HATED IN HIS OWN TIME

Yokohama, July 1.—The semi-centennial celebration of the opening of the Japanese ports to the world is held today. The city is wonderfully decorated. There are thousands of visitors, including many Americans. A statue was unveiled to Kamon Okami and Premier Tokugawa, the governor who signed the treaty with American Commodore Perry, opening the ports. He was maligned for the act at the time and now is a popular hero. A counterpart of the statue is proposed for Perry.

Takahira's Mission.

Washington, July 1.—Despite official announcement of the purpose of his visit to Japan, the suggestion of diplomatic circles is that the departure of Ambassador Takahira is part of a mysterious character. It is announced he is called to Tokyo to discuss the proposed new treaty with the powers, but the readiness to be more urgent. The immigration question also is opened.

Officials of Burlington Are Among Incorporators, Leaving No Doubt as to Actual Ownership.

WILL RUSH WORK IN HURRY TO COMPLETE DIRECT CONNECTIONS WITH NEW ORLEANS AND THE GULF

Metropolis, Ill., July 1. (Special.)—All doubt as to the purpose of the Burlington to push its line southward across the Ohio river, was removed when the articles of incorporation of the Herrin-Southern railroad, were filed in the office of the circuit clerk of Massac county, giving the names of prominent Burlington officials as incorporators. Their names are Dan Willard, Chicago, vice president of the Burlington; F. E. Ward, Evanston, Ill., general manager of the Burlington; J. M. Dering, Chicago; E. A. Howard, Chicago, and L. B. Larson, Chicago, engineer of the Burlington.

The corporation is capitalized at \$100,000, and the articles state that the road shall start at Herrin, the nearest point on the Burlington to the Ohio river, and continue through Williamson, Johnson and Massac counties, in a southeasterly direction to a point on the Ohio river near Metropolis, Ill. The length of the line is to be 57 miles.

The articles also provide for the erection of a bridge over the Ohio river at Metropolis. The general offices are to be located in Chicago, and at a meeting of the Burlington directors this week, it is probable that officers will be elected.

O. F. Scudder, land purchaser for the company, was in Metropolis yesterday and made further payment on the 45 acres bought here for terminals and shops.

The Connecting Link.
There are now five engineering corps engaged on the line, which is not entirely satisfactory as at first mapped out, and men will be assembled at Herrin at once to commence the construction. The work will all be temporary it is stated, so that trains may be operated to the river while the permanent construction is going on.

The Burlington is building both ways toward the Ohio river, having a line already in operation from the Gulf into Tennessee. Engineers stated today that only about 300 miles from Paducah south will have to be constructed after the Herrin-Southern is finished to link the Burlington main system with the Gulf. Thus, it is apparent that after the Panama canal is finished the line through Metropolis and Paducah will be one of the principal divisions of the Burlington, and the N. C. & St. L. will become the strongest link in the L. & N. system.

HARVARD IS FAVORITE IN ANNUAL BOAT RACE

New London, July 1.—Great crowds are here to witness the Yale-Harvard boat races. Harvard is a four to five favorite for the varsity eight oared event. Both crews are in great shape. The big race is scheduled for 6 o'clock. It will be rowed up stream this year. The freshmen event went down the stream.

Harvard beat Yale in the oared race six lengths. The Yale crew was twelve minutes and twelve seconds.

Harvard won the varsity eight by fifteen lengths. Harvard won the varsity freshmen eight with ease. Yale bull dog fought for vengeance, regained the honors in eight this afternoon, great demonstration and address, offered to lengthen dollar spent in with little Yale motor purchase. There are slight indications.

METHOD OF PROCEDURE IN DRAINAGE MATTER

After several conferences County Judge Lightfoot and City Solicitor Campbell have arrived at a conclusion as to the proper proceedings to secure the drainage of the northwest part of the city, and contiguous territory, which now drain into pools, overflowing into Bradshaw creek. The intention is to drain it all into Perkins creek. The city and county can not undertake the work as a joint project, and they have concluded that the city cannot be party complainant to a suit to compel the drainage. It will be necessary for some private party interested in the territory to commence suit for an abatement of the cost, which will bring the city and county into the litigation. City Solicitor Campbell will report to the joint session of the general court tonight.

SOCIALISTS CONTINUE ATTACKS ON MR. BUSSE

Chicago, July 1.—Hourly reports from the hospital show that Mayor Busse is getting weaker as the day of his operation for appendicitis. While the city is thus practically out a mayor, the Daily Socialist, through printing charges against administration and Busse peace, instead of causing an indictment, the paper and publishers, Saturday morning, summoned all connected with the paper to appear before the jury. He says they must charge, good or present, or face a fine.

FAIR.

Generally fair and continued warm tonight and Friday. Highest temperature yesterday, 94; lowest today, 75.

One Weakness of Germany. Germany has within its own borders ample supplies of war material in the strict sense of the word—arms and ammunition—but when it is realized that the empire is dependent upon imports not only for food supplies, but for the materials for the country's industries, it will be better understood why Germany has depended for so many years upon the moral force of its armaments rather than upon their actual use. In the event of a general war Germany would be wholly dependent upon neutral ports both for its exports and for the materials for the industrial life of the nation.—Philadelphia Public Ledger.

CUMMINS HELD FLOOR ALL DAY

MAKING SPEECH ON INCOME TAX BORAH GOT IN FEW.

Aldrich Is Criticized for Declaring He is for Corporation Tax Only to Defeat Income Tax.

CUMMINS HAS NO FAITH IN PLAN

Washington, July 1.—The income tax was practically the only subject in the senate and Cummins, of Iowa, and Borah, of Idaho, the only speakers. Borah was not heard until towards the close of the day's session when the Iowa senator yielded the floor which he had held since yesterday. He took for his text the declaration made yesterday by Aldrich to the effect that he would vote for the corporation tax amendment only as a means of defeating the income tax, and without resorting to personalities he criticized the position of the finance committee, who had presented the corporation tax amendment to the senate. Cummins also paid his respects to Aldrich on account of his avowal of yesterday.

Cummins took the floor as soon as a quorum could be obtained and with a brief intermission for luncheon, he held it until 4:30 in the afternoon.

Much of the time was devoted to consideration of the nation's finances, but considerable attention was also given to the general merits of the tax on incomes, which Cummins defended as the most rational because the most just, of all taxes. Estimating the total revenues under the Aldrich-Payne bill at \$36,000,000, and those to be derived from the internal revenue at \$240,000,000, he predicted that at the end of the fiscal year 1911, there would be a deficit of not less than \$175,000,000. He therefore contended that the amendment of the tariff bill by the addition of an income tax was necessary in order to produce sufficient revenue for the conduct of the business of the government.

Cummins said that if the finance committee's resolution providing for the submission to the states of a constitutional amendment for an income tax should be presented to the senate, he would vote for it, but not with any hope of its success. He did not doubt that there would be enough interest manifested against it to obtain adverse votes in a sufficient number of states to defeat the proposition.

Deep Boring Into Earth.

The deepest metal miners are in the Lake Superior copper region. There the Red Jacket shaft of the Calumet and Hecla mine is 4,920 feet vertical; while the Tamarack has two shafts over 5,000 feet deep—namely, No. 5, which is 5,180 feet, and No. 3, which is 5,230 feet vertical. These Tamarack shafts were sunk to extract ore from the copper lode first exploited in the Calumet and Hecla, and they cut a lode having a dip of 38 degrees at a vertical depth of 4,660 feet. By attaining a depth of one mile underground and by showing with what ease operations are conducted at that great depth, these Lake Superior mines have demonstrated that man is likely to be able to penetrate at least as profoundly into the earth as the ore persists.—Mining and Scientific Press.

Attendance Record Broken.

Pittsburgh, July 1.—The world's record of attendance at a baseball game was broken here when 30,388 paid admissions were registered at Forbe's field when the new million dollar home of the Pittsburgh baseball club was dedicated. The game was one of the most exciting in Pittsburgh in years, Chicago winning from the locals, 3 to 2. Willis allowed but four hits, but Reulbach was invincible with men on bases and at least four times when a hit meant at least one run for Pittsburgh the batter was either struck out or grounded to the infield.

St. Louis Browns.
St. Louis, July 1.—Although nothing definite has as yet developed regarding the change in management of the Browns, it became known today, however, upon good authority that Jack O'Connor, who is now managing the Little Rock team and who is a former Brownie, will succeed Manager McAleer. President

edges, of the Browns, who has been severely censured and criticised, departed for Little Rock to commune with O'Connor.

Before leaving here Hedges firmly stated that he is going to have a winner if he has to "can" his whole team. He refused to affirm or deny the story that O'Connor would succeed McAleer, but from the gist of the talk it is inferred that his sole mission to Little Rock is for the purpose of getting Jack.

Manager McAleer, when seen, refused to commit himself, but he appears to be disgusted with the job.

New Southern Twirler Phenom.
Macon, Ga., July 1.—The Macon club of the South Atlantic league, has sold Pitcher James Vaughn to the Louisville American Association team; Catcher LaFitte to the Cincinnati National league club, and Outfielder Murdock to the Dayton Central league club, the deals for all three players being made with Agent Louis Heilbroner.

Shake-Up in Beantown.
Boston, Mass., July 1.—The long-looked for shake-up in the Boston Nationals at last has started. The local management has given all the men on the team to understand that they must make good or waivers and unconditional releases would be in order. Yesterday the local management gave Ritchey and Beaumont their unconditional releases. It is rumored that Bowerman also may go.

To Shake-Up Mudhens.
Toledo, O., July 1.—Thoroughly angered because he learned directly from Manager Abbott that members of the Toledo team have been dissipating so much that their playing had been seriously affected, President William R. Armour announces that he will suspend every man on the club, if necessary to give Toledo a good ball team, and that the suspension of Pitcher Lattimore indefinitely for dissipation is only the beginning.

"There is another young man on the team who has been dissipating, and he has been warned; he will be suspended immediately unless he shows immediate improvement. "I am going to make this ball team deliver. The people of Toledo have it coming to them."

Why Men Wear Trousers

No living man of this age ever deliberately chose to "adopt trousers." He was forced into them and all other eccentricities of dress by women. In the very earliest sartorial experience of every man he is swayed in a queer bundle of incoherence by a woman. Later she put him into cut little dresses so that the neighbors can't tell him from his little sister. Still later she cuts off his curls and puts him in knickerbockers, and he puts in "long pants" when she gives the word and not before. That is all that man has to do or ever had to do with wearing trousers. Woman forced him into them in the first place, and now he is afraid to wear anything else for fear of making a sensation. —Providence Journal

Reason Enough.

Teacher—"Tommy, you should comb your hair before you come to school."
Tommy—"Ain't got no comb."
Teacher—"Then borrow your father's."
Tommy—"Father ain't got no comb, neither."
Teacher—"Absurd! Doesn't he comb his hair?"
Tommy—"He ain't got no hair!" —July Lippincott's.

Chaman—"You don't have many visitors out here, do you?"
Subbu—"Oh, yes, coming and going nearly every day."
Chaman—"Mostly women, I suppose."
Subbu—"Yes; mostly servant girls." —Catholic Standard and Times.
